Channel detail

Grocery contributed $820,000 of campaign revenue with 14.1% unit lift. Convenience contributed $260,000 with 9.3% unit lift. E-commerce contributed $160,000 with 6.8% unit lift. North Metro stores recorded the strongest weekly unit response at 17.6%.

Interpretation and caveat

Revenue is favorable, but margin compression means the campaign should be evaluated against contribution profit before being repeated. The baseline is a synthetic comparison, not a controlled causal estimate.
